

NCR SelfServ™ 4 (Slimline)

Interior Slimline Kiosk for Financial Institutions

Would you like your self-service network to have the competitive edge?

YES

A slimline kiosk for where space is at a premium

The NCR SelfServ 4 (Slimline) is a compact financial kiosk suitable for any indoor location and allows you to offer a complementary channel to tellers and ATMs. This slimline kiosk offers a perfect platform for non-cash transactions like account maintenance and appointment check-in. The sleek and modern styling makes it an eye-catching addition to any banking environment.

- **Built for financial institutions**

Designed with banks and their financial customers in mind, the NCR SelfServ 4 (Slimline) is built on the XFS platform. This allows you to extend software from a number of channels onto the kiosk, leveraging the investment made in current channels as well as providing a familiar interface to your consumers.

- **Modern and sleek design**

The NCR SelfServ 4 (Slimline) offers a unique and contemporary design, with the large 19" touchscreen to help you attract customers and increase adoption. A slimline footprint means you can deploy kiosks even where space is at a premium.

- **Enhanced manageability**

The NCR SelfServ 4 (Slimline) is designed for a 24x7 environment and uses the same proven technology and parts as our NCR SelfServ ATMs. It can be remotely managed and monitored, ensuring the highest levels of availability and operational excellence.

- **Increased revenue generation opportunities**

Benefit from the revenue generation possibilities available by offering new transactions to your customers via the NCR SelfServ 4 (Slimline).

- **Intrinsic security**

The NCR SelfServ 4 (Slimline) is both EMV and PCI-compliant with NCR APTRA™ applications and is available with NCR's full suite of security offerings.
